ishant.in | linkedin.com/in/goyal-ishant | github.com/Ishant932 | leetcode.com/u/Ishant_goyal

PROFESSIONAL SUMMARY

Full-Stack Developer and AI Specialist finishing a BTech in Computer Science, with three internships and 15+ live projects, including platforms now serving 750+ users. Comfortable owning a build end to end: clean React and Next.js interfaces, dependable Node.js APIs, and cloud deployments that hold up under real traffic. Recent work has centered on applied AI, building lead-scoring systems, consultation engines, and automated workflows powered by LLMs and intelligent agents. Placed 4th at the GIT Hackathon, selected for the Smart India Hackathon, and currently sitting at 500+ problems solved on LeetCode.

PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer & AI Specialist | Dream Mantra, Jaipur | Jun 2026 – Aug 2026

- Owned end-to-end development of dreammantra.in and a production CRM platform, shipping 3 role-based dashboards and a lead pipeline tracker used daily by the counselling team.
- Built an AI-powered lead-scoring model and automated follow-up system, cutting manual follow-up work and speeding up response time; managed live production deployments on Render.

Software Developer | Lohiya Suppliers Pvt. Ltd., Jaipur | Jul 2025 – 45 Days

- Built and maintained lohiyas.com, a B2B industrial supply platform, developing responsive product pages, admin panels, and SEO-optimized catalogs for 100+ product listings.
- Implemented secure authentication and performance optimizations, improving page-load speed on high-traffic pages.

Full-Stack Developer | Bussi Bees EdTech Pvt. Ltd., Jaipur | Aug 2024 – 1 Month

- Engineered a Flipkart-inspired e-commerce platform with React.js and Node.js, improving API response times and overall scalability.

PROJECTS

AstroKnowledge - Production Vedic astrology and wellness platform serving 75,000+ users, with consultation booking, e-commerce, courses, EN/HI multilingual support, and AI integration.

Dream Mantra - Full-stack education and career counselling brand platform with service listings, consultation booking, and AI-enhanced experiences.

Room Sathi (MERN) - Dual-portal room rental platform with secure auth, Razorpay payments, referrals, and reviews; selected for Smart India Hackathon.

Multi-Agent Task Coordination - Multi-agent architecture for office automation, handling task allocation, monitoring, and execution through a real-time dashboard.

EDUCATION

BTech in Computer Science, Poornima College of Engineering, Jaipur | 2023 – 2027

Specializing in Full-Stack Development and AI Integration.

CBSE Class XII (Science) & Class X - Mahaveer Public School

ACHIEVEMENTS & CERTIFICATIONS

GIT Hackathon - 4th Rank, Winner (2024): Built a full-stack project under time pressure.

Smart India Hackathon - Selected Participant (2024): Represented with Room Sathi, a rental discovery platform.

Google Cloud Certified - Cloud Computing Foundations (2024): Cloud infrastructure, deployment, and scalability.

LeetCode - 500+ Problems Solved (Ongoing): Strong DSA and problem-solving fundamentals.
